

Module 1 Assignment: Personal Website

Screenprint – Home Page

About Me:

Nam Pham

Financial Management Specialist

My name is Nam Pham, and I work as a Financial Management Specialist at NASA Ames Research Center in Mountain View, California. I hold a bachelor's degree in Economics with a Mathematics minor from University of California, Davis. I also hold a master's degree in Business Administration from California State University, Eastbay. Currently, I am pursuing my second master's degree in Data Science at Johns Hopkins University.

Screenprint – Projects Page

A screenshot of a web browser window showing the projects page of a personal website. The address bar shows '127.0.0.1:8080/projects'. The header has three tabs: 'Home', 'Projects' (highlighted in blue), and 'Contact'. Below the header, there is a section titled 'My Projects' with a sub-section 'Module 1 Project: Personal Website'. It includes details about the project, a GitHub link, and a note about the project providing fundamentals of website development.

My Projects

Module 1 Project: Personal Website

Details about Module 1 Project:

This project is to build a personal developer website that includes a biography, contact information/links, and details about our Python projects. This project provides the fundamentals of website development.
